

These boats, trailers and other sailing equipment have been abandoned on Whitstable Yacht Club beach. The club has attempted to trace the owners but we have had no response. Many have been left unpaid for many years. Notice is given that in three months – June 30th 2026, all this property will be disposed of either by scrapping, sale or donation. If you think any of this is yours, please email sailing.secretary@wyc.org.uk
